In order to ensure scholarship funds can be used effectively and efficiently those donating will be able to purchase scholarships in the following amounts which will allow for each donation to match a full scholarship within a current recreation sport. Partial scholarships will be accepted without qualification for a scholarship sponsor level.

Current Scholarship Donation Amounts

\$50.00
\$60.00
\$65.00
\$70.00

Upon donation the sponsor will be allowed to decide upon how many of each scholarship they would like to pay for. Total number of scholarships will be used to determine the scholarship sponsor level they will qualify for. Those who donate one scholarship will qualify for the bronze level. Those who donate between two and four scholarships will qualify for the silver level. Those who donate between five and twenty scholarships will qualify for our gold sponsor level. Lastly each sponsor can choose to set up a yearly recurring scholarship in which the donation would be collected every year. This will automatically qualify the sponsor for one level higher than their non-recurring scholarship donation.
